LEGAL NOTICE FOR PUBLIC MEETING USDA - FOREST SERVICE SHASTA-TRINITY NATIONAL FOREST PROJECT
NAME: Trinity County Roads and Plantations Pilot Project RANGER DISTRICT: South Fork Management Unit COUNTY: Trinity
RESPONSIBLE OFFICIAL: Dave Myers, Forest Supervisor PROJECT LOCATION: Proposed project activity is located along the
2N10 (Indian Valley) and 3N08 (Butter Creek) roads between Hayfork and Hyampom on the South Fork Management Unit
PUBLIC MEETING: You are invited to the Trinity County Roads and Plantations Pilot Project public meeting August 10, 2017 at
the Shasta-Trinity National Forest Hayfork District Office, located at 111 Trinity Street, Hayfork, CA, from 1pm to 4pm. The goal
of this meeting is to develop alternatives that address issues brought forward during public scoping. Reasonable alternatives to
the proposed action should fulfill the purpose and need and address unresolved conflicts related to the proposed action. Your
participation in developing alternatives for the Trinity County Roads and Plantations Pilot Project will be appreciated. PURPOSE
AND PROPOSED ACTION: The purpose of the Pilot Project is two-fold. The first set of goals is to create safer ingress/egress for
the local communities, improve forest health/habitat quality, reduce fuels, improve human safety, provide resilient plantations that
can withstand insect and disease as well as wildfire, and create local economic opportunities. The second set of goals is focused
on developing and implementing a pilot project that tests the three priorities of the Trinity County Collaborative: "Social
Acceptance, Ecological Function, and Economic Sustainability." By evaluating project outcomes across these three priorities, the
Shasta-Trinity National Forest plans to work with the Collaborative, other interested publics, and Tribes to use what is learned
while planning and implementing the pilot project to develop a subsequent County-wide project. A more detailed account of the
proposed activities and purpose and need for the project is available on the Shasta-Trinity National Forest website at
<http://www.fs.usda.gov/project/?project=46043>. For more information, please contact project lead, Brenda Olson at
(530) 226-2422 or brendaolson@fs.fed.us. August 2, 2017
